Every body loves some body sometime
every body falls in love some how

Some thing in your kiss just told me my some time is now

Every body finds some body some place
there's no telling where love may appear

Some thing in my heart keeps saying my some place is hear

If i had it in my power i'd aar range for every girl to have your charms

Then every minute every hour every boy would find what i found in your arms

Every body loves some body some time
and al though my dream was o ver due

Your love made it well worth wait ing for some one like you
